PICTURES & Video

Be Mindful that First Communion will be taking place during a Sunday Mass. **No pictures or videos may be taken during the Mass.** We will have the Mass videotaped and copies made available to you at a nominal fee.

A Photographer will be here before Mass in the First Grade classroom to take individual portrait pictures of children and their family. We will no longer have a group picture with the photographer because too few purchase them. However the children will be gathered after Mass so parents can take a group picture. You may suggest videos or photo packages when grandparents or relatives ask for gift suggestions.
